

DANIELSON AND PUTNAM NEWS

DANIELSON

Trout fishermen had a great day of it Friday, the opening of the season. The first day's catches would indicate that this season is to be a top notcher, for some fine strings were brought in. One of the largest—27—was shown by William M. Franklin and Earl Wilbur. Another string numbered 19. No particularly large fish were shown up to late afternoon, but most of the trout were from 1 to 10 inches and in fine condition. The fishermen who went out before daylight faced trying conditions, as a northeast storm of rain and sleet was a real try-out for their enthusiasm and the makes of keeping some of the more tender specimens at home until the coming of a better day.

Chairman Henry P. Dubuc reported Friday afternoon that the canvass of the borough for the relief fund was well under way and that gratifying results are being obtained. Occasionally the canvassers have met with cool receptions, but on the whole the attitude of the public toward the drive has been very satisfactory indeed. Among the large gifts reported on Friday was \$25 from the Church company. A resident in an outlying section of the borough came to the home of one of the collectors while on his way to work Friday morning and left a \$10 bill. He said that he had feared that the canvassers would overlook his home, which is somewhat isolated. Another \$10 came from a woman who does not speak English, but through an interpreter, she made it known that she wishes that she might give more. Chairman Dubuc said Friday afternoon that no figures on collections have yet been compiled, but it is expected that these will be available this afternoon. One canvasser reported having received \$90 up to Friday afternoon. Chairman Dubuc is to be at the Danielson Trust company headquarters of the committee, this evening from 6 to 8 p. m. to receive contributions from any person who may wish to meet him there.

Attention has been called to the fact that Thomas A. Bradford came to Danielson 51 years ago Friday and has since made his home in this place, now being one of the oldest residents in point of years spent in the borough. Mr. Bradford has witnessed the greater part of the development of Danielson from the village that it was half a century ago and is in such good health and so active that he bids fair to witness much further growth of the place. Mr. Bradford is a native of Canterbury and came to Danielson when 22 years of age. There is to be a special musical program at the Methodist church Sunday evening at 7 o'clock and this will include a part of the Easter Sunday music.
